Building a Better Scotland

The SPF Annual Conference is Scotland's most influential real estate and investment forum.

The conference brings together senior figures from government, and real estate industry to explore the issues shaping Scotland's future.

From policy and politics, housing and regeneration, through to the economy, employment, and sustainability, we will address all the hot topics.

Our 2026 event is deliberately placed ahead of Scotland's Holyrood Election and our theme - Building a Better Scotland - focuses on collaboration between the public and private sectors.

Our sponsors have the chance to stand alongside Scotland's most credible voices to shape the debate, strengthen relationships, and show leadership at the heart of our industry.

Why Partner with SPF?

The Scottish Property Federation is the trusted voice of Scotland's real-estate industry.

Our Annual Conference is the focal point of our calendar where investors, developers, and policymakers come together to exchange ideas, challenge assumptions, and find common ground.

Partnership offers your business a clear and credible platform to:

- **Build visibility** with Scotland's most senior audience in property and government.
- **Align your brand** with SPF's neutral, respected advocacy.
- **Engage directly** with policymakers and peers on the issues that matter most.
- **Demonstrate leadership** in your chosen sector or theme.

This is a content-driven and relationship focussed event - our credibility is earned through meaningful collaboration and lasting connections.

Our Audience

- 300+ senior delegates expected in 2026 (2025 numbers 30% from 2024).
- Representation across the full property ecosystem: development, investment, housing, retail, leisure, planning, and finance.
- Political guests and senior civil servants from Scottish and local government.
- National media coverage and social-media amplification across SPF & BPF's 15,000+ professional network.

Our attendees are shaping how and where Scotland grows and make decisions, set policy, and direct investment.
